## WEATHER FORECAST

Denver, Col., August 5--Fair tonight and Tuesday.

VOLUME 21.

NUMBER 183.

## INAUGURATION OF CURRY TO BE BRILLIANT EVENT

Escorted to Capital From El Paso in Private Car by Leading Republicans of Territory--A. B. Fall in Party--Famous Mexican Band of Chihuahua to Santa Fe.

### CHAIRMAN BURSUM WILL HEAD BIG SOCORRO DELEGATION

Enthusiastic Delegations Along the Line Anxious to Form Party--Private Car at Starting Point May be Part of Long Train by Time Capital City is Reached--Albuquerque to Attend With Delegation and American Lumber Company Band.

El Paso, Texas, August 5.—(Special)—Governor George Curry's inauguration will be the most brilliant ever given a governor of New Mexico.

Hon. A. B. Fall, of this city, who it is reported, has been offered an important position under the new governor, and Hon. H. O. Bursum, chairman of the republican central committee of New Mexico, met here this morning and decided to see that the inauguration took place in a manner befitting the occasion.

Mexican Band to Attend. As a result a party of friends of the new executive have secured the famous Mexican band of this city and the private car Ahumada, and the new governor will be escorted from this city to Santa Fe in proper style.

In the party will be the new governor, George Curry, Attorney A. B. Fall, Mr. Bursum, Mr. Martinez and a number of well known republicans. The party will leave here Tuesday evening and will arrive in Santa Fe the day following.

The big Mexican band of fifty pieces will remain in Santa Fe for the festivities and will probably play for the big ball on Thursday night. This band has traveled all over the United States and is one of the most famous bands in this country.

Many Desire to Attend. From the multitude of telegrams received by Attorney Fall and Mr. Bursum it appears that people all along the line of the Rock Island, over which the Curry party will travel, are desirous of attending the inauguration and the private car, which leaves here, will probably be only a part of a big train of Curry admirers when it reaches Santa Fe.

The new governor is known to nearly all the people in southeastern New Mexico and his popularity is general.

The only difficulty thus far, has been in securing adequate transportation facilities for those who desire to join the party at various points along the route, but it is probable that this can be arranged.

Want to Hear Governor. At a number of points en route, requests have been made that the train stop for ten or fifteen minutes and that the new governor make short talks. As the governor is anxious to reach Santa Fe as soon as possible and assume the duties of his office, it is probable that these stops will not be made at this time.

Several New Mexicans in this city declare that the personal party, while denying any political significance, is the most important event in New Mexico politics and will have more bearing on future developments than anything in recent years.

Political Significance. It is understood that the political situation in New Mexico will be discussed en route although H. O. Bursum and A. B. Fall state positively

that the affair has no political significance and that they only desire to see the new governor enter upon his duties with a proper reception at the hands of the republican party of New Mexico.

Those familiar with political conditions in New Mexico, however, are inclined to attach more importance to the affair.

### ALBUQUERQUE DELEGATION

The Santa Fe Railway company will make a rate of one half fare for the trip to Santa Fe to the inauguration on Thursday of this week.

The local committee appointed to co-operate with the territorial committee in arranging the inauguration, will secure Pullman accommodations for those desiring them.

In order that this may be done, it will be necessary to know how many intend going to Santa Fe and all names should be left at The Citizen office or with any member of the local committee as published elsewhere in this issue.

Leave Wednesday Evening. It is planned to have the Pullmans attached to passenger train number 8, which leaves Albuquerque at 7:30 p. m. Wednesday evening. These Pullmans will be detached from passenger train number 8 at Lamy and will go from there over the Lamy branch to Santa Fe. By such an arrangement, those occupying these cars can retire for the night as will not be disturbed until eight o'clock the next morning.

The Pullmans will be attached to either passenger train number seven or nine for the return trip Thursday night.

May Remain for Ball. Those who desire to remain for the ball and reception, can return at their leisure by regular trains on the following day.

The committee today, found that if Pullman cars were secured they would have to be ordered from El Paso so it is necessary that all those desiring to go to Santa Fe, should notify the committee at once.

The American Lumber company's band will probably remain at Santa Fe until the following day to play for the reception and ball, in the Palace hotel.

Andrews Club Will Meet Tonight. A meeting of the W. H. Andrews' Republican club will be held this evening at 7:30 o'clock in the hall on the second floor of the Ziegler building, corner of Second street and Railroad avenue.

It is desired that as many of the officers of the club attend as possible and all the members who can come should be on hand. This club declares that all those who are going to Santa Fe and want Pullman accommodations, will either attend the meeting of the club this evening or send in their names so that the necessary cars can be ordered from El Paso.

## BIG BLAZE CAUSES A SMALL PANIC

New York, August 5.—Fire in a paint shop this afternoon seriously threatened the mail and express building and the Western Union building. Soon after the fire started the Western Union ordered all its employees upon the upper floors to descend to the lower floors.

The fire started in a five-story building occupied by the F. C. Pierce Paint company, and spread through the building.

The offices of the Associated Press are upon the same floor as the headquarters of Superintendent Mulford in the Western Union building.

There was an explosion of materials in the paint shop which gave the fire great headway and added to the alarm.

There was great excitement in the upper floors of the Western Union building where more than 1,000 persons are employed, many of them young women, but all left the building in an orderly manner.

The firemen, in order to fight the flames, were obliged to destroy six large Western Union trunks at 1 o'clock the employees in several large office and business buildings contiguous to the fire were dismissed, and hundreds of hatless girls congregated on the sidewalks, many of them hysterical.

The fire was brought under control at 2:25, though the flames are still burning fiercely upon the lower floors of the building.

## WILL NOT ADVANCE PRICE ON OIL NOW

New York, August 5.—Charles M. Pratt, secretary of the Standard Oil company, said today that the company has no intention of advancing the price of oil, Pratt said:

"The statement attributed to the Chamberlain of the National Petroleum association of Cleveland, that such an advance is to be made, is entirely unwarranted and absolutely unfounded. Chamberlain, who represents a competitor of this company, is challenged to reveal the source of his misinformation."

## SAYS LEWD PICTURES CAUSE VIOLENCE

Lincoln, Neb., August 5.—Suggestive pictures on the walls of southern saloons are the main cause of fearful assaults made on the southern women by negroes, according to Mrs. Nannie Curtis of Texas, who in an address today before the Epworth assembly, said:

"Saloons have robbed us white women of our loved ones, of our homes, and now they have robbed us of our children. They have hung on the walls of the saloons to inflame the passions of drunken black butes."

### Appointed Postmaster.

Oyster Bay, August 5.—President Roosevelt today appointed Edward Redmond postmaster at Sunrise, Wyoming.

## Just Watch Standard Oil Pay That Fine

## MONTANA HELLO GIRLS FORESTS CONTRIBUTE TO ROADS AND SCHOOLS

Without Regard to Union Membership They Will Quit Work Today.

LINEMEN UNABLE TO MAKE COMPROMISE

Helena, Mont., August 5.—At a meeting last night of the executive committee of the Montana Federation of Labor it was decided to call out not only the girls employed by the Bell Telephone company in cities where they are organized but also those in towns where they are not organized, in support of the linemen's strike.

"This strike," said President Fairgrieve, of the federation, "is a defensive one. We have tried to compromise with the company but without avail."

Butte's phone service has been entirely suspended for a month. The strike of the telephone girls in Butte a month ago and their successful effort to prevent their places being filled has strengthened the belief that the hello girls will win the strike for the linemen, who demanded a shorter working day.

The girls have been orderly but by moral suasion in Butte they have succeeded in keeping every girl out of the offices of the Bell company and only attempts have been made by officials of the company to handle the business, which will be entirely cut out by the extension of the strike over the state.

Girls all over the state have signified their willingness to aid the striking linemen, regardless of affiliation with the phone girls' union, which has no organization outside the larger cities.

## HAYWOOD GREETED BY HUNDREDS IN DENVER

Addressed Great Throng in Albany Hotel Sunday Night.

Denver, Colo., August 5.—William D. Haywood arrived in Denver at 10:45 last night, one year, five months and eighteen days after being taken to Boise to face a charge of conspiracy to murder Governor Sweeney.

He was greeted at the station by a crowd, which shouted itself hoarse, and was escorted to the Albany hotel where he shook hands with hundreds of union men, and made a brief speech from a carriage to a crowd of about five hundred. He said that unionism is stronger today than ever before.

Haywood was accompanied by his invalid wife and by Attorney John Murphy, who is dying of tuberculosis. Haywood spent today at his office, attempting to straighten out affairs but the number of visitors has been so great that he was unable to accomplish anything.

This morning he saw that Mrs. Haywood and his principal attorney, John Murphy, were properly cared for, paying particular attention to the latter who went from here to Boise against the advice of physicians, who state that his life has been considerably shortened by his anxiety for his friend.

## C. & S. MOVING BOTH PASSENGERS AND FREIGHT

Railroad Claims It is Handling Business Despite Strike of Five Hundred Trainmen.

COMMISSIONER NEILL ACTS AS MEDIATOR

Denver, Colo., August 5.—Despite the strike of five hundred switchmen, brakemen and flagmen, passenger trains are running today as usual on all the divisions of the Colorado and Southern railroad. The fast freight from Texas arrived last night practically on time, and today two freight trains were run to Greeley, Colo.

In a statement published today, in answer to the claims made by Grand Master P. H. Morrissey, Vice President A. D. Parker, of the Colorado and Southern, contents that the Brotherhood of Railway Trainmen has violated its agreement with the Colorado and Southern, and further says that the statement of the strikers, that arbitration was suggested by them before the strike is untrue.

Washington, D. C., August 5.—Commissioner Neill, of the bureau of commerce and labor, acting for himself and Chairman Knapp, of the interstate commerce commission, they having been requested by the officials of the Colorado and Southern to serve as mediators between the company and the striking employees.

Under the law the commissioner of labor and chairman of the interstate commerce commission are compelled to give their services to the strikers, and a railroad strike when requested by either of the parties to the dispute.

Denver, Colo., August 5.—At noon Saturday W. T. Newman, third vice grand master of the Brotherhood of Railway Trainmen, issued a strike order calling out all the members of that organization who are employed on the Colorado and Southern railroad.

This step was taken in the effort to enforce the demand for an advance of 20 cents a day which is being made by the switchmen in the Colorado and Southern local yards, and about 300 switchmen, flagmen and brakemen, in both freight and passenger service, with a few conductors belonging to the trainmen's organization, walked out on all parts of the system, from Orrin Junction, Wyo., to Texline, Texas, as soon as they had brought their trains into the terminals.

Appeal to Labor Commissioner. Claiming that a strike order was about to be issued in violation of the agreement signed at the Chicago conference, in which it was specified that 30 days' notice must be given before a strike was called, Vice President A. D. Parker, of the Colorado and Southern, sent telegrams Saturday morning to Labor Commissioner Charles P. Neill, and to Martin A. Knapp, chairman of the interstate commerce commission, requesting them to take such steps as might be necessary to prevent a violation of the contract. He set forth in a telegram the fact that his offer to submit to arbitration had been refused by the trainmen, and in order to make certain that President Roosevelt would see the message, it was given to the Associated Press.

Grand Master P. H. Morrissey, of the Brotherhood of Railway Trainmen, denies that the strike order is in violation of the Chicago conference, and maintains that the settlement of yard grievances was referred back to the individual roads by common consent of all the parties to that meeting. He incorporated these statements in a lengthy telegram which he sent to Commissioner Neill and Knapp last night.

Clerks from the Colorado and Southern headquarters are being used to replace the passenger trainmen who struck, and passenger trains are being moved as usual.

## CURRY WILL ADVISE FUTURE APPOINTMENTS

Washington, D. C., August 5.—(Special)—The interior department today stated that Governor Curry's advice will be taken regarding all future appointments and removals in New Mexico. While here last week, Governor Curry called at the interior department, and this decision is the result of that conference and of the department's confidence in his integrity and good judgment.

## NEW YORK SITUATION GROWING MORE SERIOUS

Mobs Gather at Slightest Call and Innocent Victims are Nearly Killed.

## CITIZENS MAY ASK GOVERNOR FOR AID

Unless Police Speedily Check Rage of Terrible Crime Hughes Will be Requested to Take Situation Under the State's Control.

New York, August 5.—The fact that yesterday a mob attempted to lynch two men, one of whom had committed no crime whatever, and was prevented only by the prompt action of the police, added to the seriousness of the situation in this city caused by the recent remarkable series of crimes in which women and girls are the victims.

The mob's attack revealed a public exasperation approaching frenzy, which may easily lead to serious disorders. Thousands of plain clothes policemen have been scattered throughout the city, particularly on the congested quarters, the scene of most of the assaults.

The Central Federation union yesterday appointed a committee to call on the mayor with a demand that he take action that will stop the attacks on children.

May Call on Governor. If the city authorities do not quickly stop the crimes an appeal may be made to Governor Hughes.

Richmond Hill, where Smith, 22 years old, was attacked by two men, her screams brought assistance and one of her assailants was captured.

Innocent Victim. Louis Gouvenelle, twenty-one years of age, was a victim of the blind fury of rioters last night and will probably die of his injuries. He was innocent, but fell before a crowd determined to have a stranger on some one. The dangerous temper of the people, who have been aroused by the reports of attacks on women and girls, was exhibited in repeated instances.

One of the girls, who was attacked, was a child with familiarity was enough to start a mob. Sadie Mamberger, aged eight years, playing on the railway of her tenement house in East Ninety-fifth street last evening, cried out that a man had seized her. The child's father, George Keshner, a Russian, rushed to her aid, but was unable to get to her in time.

Sadie Mamberger, aged eight years, playing on the railway of her tenement house in East Ninety-fifth street last evening, cried out that a man had seized her. The child's father, George Keshner, a Russian, rushed to her aid, but was unable to get to her in time.

Palmer Attacked. About the same time Hylo Salada, an Indian palmer, nearly lost his scalp in Twenty-fourth street. He was accused of having offered a bribe to a girl twelve years of age. The father wanted to know why, and Salada showed fight. He slashed about him with a pair of scissors, and then knocked down two policemen. A crowd of perhaps a thousand persons attempted to reach Salada, but reserves beat them back.

One Held. Thomas Louis, George and James Esposito, arrested under the belief that they could throw some light on the murder of little Katy Fischer, whose mutilated body was found in a cellar on First avenue, were later all but Louis discharged. Louis at first denied he had been in the cellar where the child's body was discovered, but when confronted with the evidence of the others who had seen him emerge from the cellar, he admitted that he had been cutting wood there the day that Katy disappeared.

Italian Arrested for Assault. An Italian, giving his name as Maria, was arrested and held on the charge of an attempted assault on Anna Rodgers, a young girl living in Brooklyn. The girl says that as she was walking down the street, Maria seized her by the arm and tried to drag her into a vacant lot. The girl's screams brought a crowd, who attacked Maria and were only prevented from seriously injuring him by a policeman who drove them back at the point of his revolver.

Racial Dispute. The fighting element among the white and black in the vicinity of One Hundred and Thirty-seventh and Fifth avenue lined up according to their racial prejudices again Sunday, this time to settle a baseless dispute, and when the argument ended fifty persons required medical treatment, and of that number two will die. Probably 5,000 persons took part in the fight, but the policemen who dispersed the mob after every one was fought out got only nine prisoners, and of these two were women. John McQue, truck driver thirty-two years of age, and Matthew Murtha, aged thirty-five years, an ice peddler, received fractured skulls and were removed to a hospital in dying conditions.

A dozen or more attacks on children recently have struck terror into the hearts of mothers all over the city, and scores of cases of supposed attempts to assault have been reported to the police which have no foundation in fact. There have been enough actual cases of assault on children to cause the police as well as parents much worry. Every effort has been made by the police to capture the murderers, but very little progress has been made.

## JAP CLARK GUILTY OF SECOND DEGREE MURDER

Jury Acquitted McKean But Held Cowboy Responsible For Chase Killing.

## VALLES CASE IS NOW BEING TRIED

Man Whom Prosecution Believes Is Assassin of J. Francisco Chaves, Is Before Jury at Estancia--Much Interest Manifested.

Estancia, N. M., August 5.—(Special)—After a trial of thirty-six hours, the jury in the Jap Clark case today brought in a verdict acquitting McKean and finding Clark guilty of second degree murder. The men were charged with the killing of James Chase two years ago at Torrance in this county. Clark's attorneys state that unless they are granted a new trial, which is unlikely, they will appeal to the supreme court, giving bond for their client in the meantime. McKean was discharged immediately after the jury handed in its verdict and now resides in the court room, which has not been filled at any stage of the trial, despite the sensational features of the case, was jammed this morning when it became evident that a verdict would be returned, and there was considerable ill-repressed comment when the verdict was read.

The Killing. Jap Clark, a cowboy, was charged with the killing of James Chase, deputy sheriff, and there was considerable comment on the fact that the sides of the case, which occupied several days of the court's time last week, the jury retiring Saturday.

Clark admitted that he shot Chase but said he did the shooting in self defense. He said that Chase drew his six-shooter, whirled round and began shooting toward him. Clark was wounded in the leg but did not fall. After he was shot and Chase fired at each other, he says Chase walked around the corner nearby and passed a house, falling a short distance from there.

Says McKean Killed Chase. Julia Garvin testified that she saw McKean, who had joined Clark farther up the street, at another house, shoot Chase, who fell to the ground, this shooting taking place after the Clark affair.

She also said that Wilson McFarland ran up to the scene and found Chase's body, but turned away from shooting toward him (McFarland's) horse. In fact about everybody who had a gun handy joined in the shooting that day.

After Chase fell, he was rolled over to a blanket and carried to a nearby house where he died. He was shot through the abdomen and through the hips.

Clark and McKean got into their buggy, Clark driving while McKean fired at a man who had discovered their hiding place and was sending some Winchester bullets too close to them. Chase's bullet riddled clothing was produced on the stand, showing where the bullets had entered and left his body, and there had also been exhumed, found in good state of preservation, and examined by deputy sheriffs and physicians only a few days before the trial.

Valles Case Next. The Valles case is next on trial, the work of securing a jury having begun today.

Domingo Valles is charged with the murder of J. Francisco Chaves at Pagosa Springs. It is charged that Valles shot Col. Chaves while the latter was eating dinner at a friend's home, the bullet striking him in the back of the head, and he was in the act of raising a dish from the table. He rose from his chair, placed the dish on a table and walked toward a window through which the shot had come, falling dead after taking one step.

The darkness and the fact that a flock of sheep passed along during the interval before a search for the assassin was begun, obliterating the trail, enabled the slayer to escape at that time, but the territory believes it has a strong case against Valles, and a large audience is present at this trial. As there is no adequate jail here, Valles has been walking about the town while awaiting the beginning of his trial, a deputy sheriff keeping him constant company. He is under the closest kind of a guard but declares that he will prove his innocence.

## TURKISH TROOPS KILL CHRISTIANS

Tehran, Persia, August 5.—Incursions of Turkish troops across the northwest frontier of Persia have again broken out. Near Urumiah, six thousand Turkish troops crossed the frontier and destroyed the village of Mavanoh. Seventy-eight persons, including sixty women and children, mostly Christians, were killed.

It is considered probable that Great Britain and Russia will be urged to bring pressure to bear on Turkey with a view to stopping these raids.

## FIGHTING CHAPLAIN DIES IN VIRGINIA

Mount Vernon, Iowa, August 5.—John H. Lozier, known as the "fighting chaplain," died here today, aged 76. He was popular as an orator and was the author of several war songs.
